The Almarah Foundation is an organization that is committed to improving the lives of young girls by providing them with access to education, shelter and support. Gender-based violence against small girls in Pakistan is a distressing reality, with incidents ranging from physical and sexual abuse to early forced marriages and denial of education. These vulnerable children face heightened risks due to their age and dependency, often falling victim to perpetrators within their own families or communities. Our focus on gender equality and women's empowerment helps us uplift individual lives and contribute to a brighter future. We invite you to join us in our mission to ensure that every girl has the opportunity to fulfill her potential and lead a dignified life.

Chairperson's Message

My father Maj (R) Rasheed Warraich, initiated the distribution of grocery among the deserving in 1995. After his death in 2009, I Sophiya Warraich and my husband, DIG Mehboob Aslam Lilla, continued this humanitarian service. We provided meal to people daily, distributed groceries to families every month and offered a monthly stipend to individuals, all from our own pockets. In 2021 we formally registered a foundation named Almarah Foundation. Starting from a single house in Cavalry Ground, Lahore, we began adopting orphaned children. In this short span, we now manage 12 houses in posh area Cavalry Ground and DHA on a rent basis and currently caring for 250 orphaned children, including both boys and girls. We have named these Houses as "APNA GHAR". These children live in state-of-the-art homes with all necessary amenities, receive high-quality education at Almarah Grammar School (AGS) and engage in evening hockey at Khawaja Junaid Hockey Academy, Gaddafi Stadium Lahore. In addition, we have launched a dedicated home for special needs children to provide them with a nurturing environment, tailored educational support, and specialized care. This initiative aims to uplift and empower children with special needs, ensuring they receive the same high standards of care and opportunities as all other children in our foundation. The foundation's objective is to support every orphaned child in the country. By the grace of Almighty Allah, the owner of Central Park Housing Society has generously donated a 12-Kanal piece of land in Central Park Housing Society. The foundation aims to establish a four-story self-owned housing project for these children. A design for this project has been finalized. We now need funds to complete the children's complex. Your contribution towards this noble cause would be immensely appreciated. From its inception, the foundation has announced that anyone, whether donating or not, has the right to audit the foundation at any time.

Chairperson Almarah Foundation, Sophiya Warraich

Supporting Almarah's mission of caring for orphaned children has been a deeply rewarding experience. I believe that by investing in the well-being of these children, we are not only shaping their futures but also contributing to the betterment of our society. I am grateful for the tireless dedication of the Almarah family to making a positive impact on the lives of these vulnerable youth.

CONSTRUCTION OF COMPREHENSIVE CHILDREN'S COMPLEX

The problem of orphan / street children is acute due to urbanization and industrialization. Due to the deaths of parents, re-marriage of deserted / widowed / divorce women, absence of love and security in the families and family disputes. These orphan and street children are left without care and support. These children are involved in rag picking; pick pocketing and participating in anti-social, criminal activities and letter on in sex abuse. In this project, more than 200 number of Orphan, Semi Orphan and Street Children will be catered. Therefore, we envisaging mainstreaming these children in the national building by providing care, support and protection in our orphan children homes "APNA GHAR". Almarah foundation is acquired a 12-Kanal piece of land to cater educational and residential needs of all these under privileged children under one roof. This dream is too big for us in our capacity and we need support of your kindness and humane approach towards these deserving children.
